

INVENTORY SYNC

*Optional

Pick A Distributor

Pick from 180+ Supplier Network
(RSR, SPORTS SOUTH,+ MORE)
Third-Party Fulfillment Warehouse

Choose Your Inventory

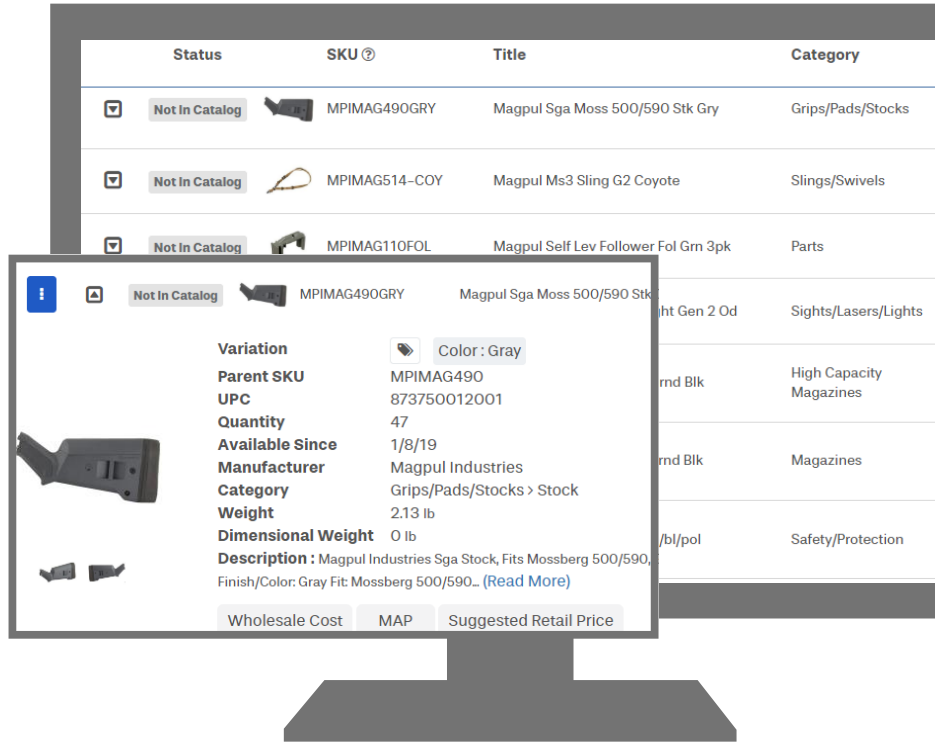

Upload products directly to your web store and sync up to date inventory stock levels, pricing and newly available products in real time.

Customize Each Item

set price mark up rules, MAP, custom store categories and filter/search through the dropship supplier feed to select and upload products by brand, price, SKU, weight, category and more

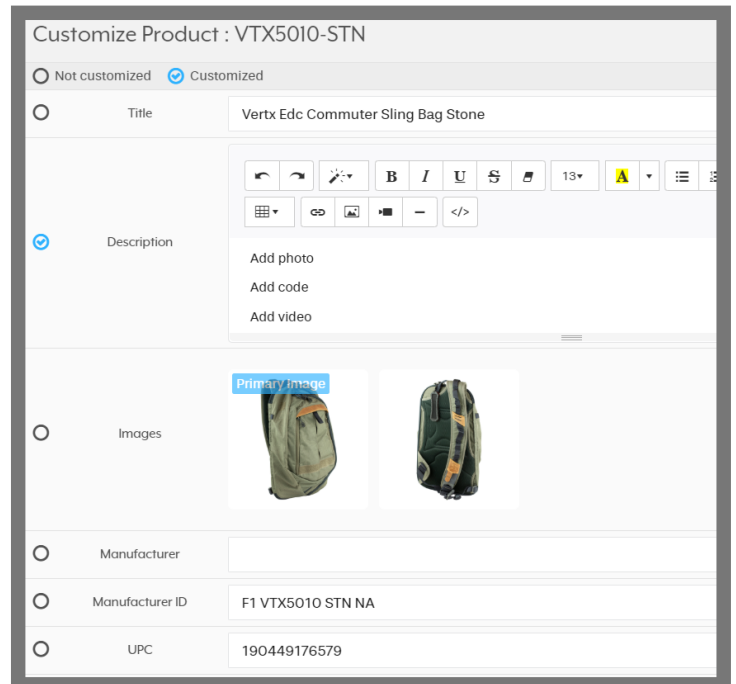

Automate Every Order

Full Automation service removes the manual process of ordering and tracking updates by allowing retailers to automatically place orders with a dropship supplier and update shipment tracking back to their online store.

Features
